*Vopak to Vopak FOB Administration Transaction Procedure: *

1. *Buyer Issues ICPO (Irreversible Corporate Purchase Order) *: The buyer submits an ICPO to initiate the transaction.
2. *Vopak Administrator Requests MT103 Invoice Registration*: The administrator requests registration for the transaction, typically involving an MT103 invoice for payment processing.
3. *Buyer Gets Registered*: The buyer completes the necessary registration with Vopak.
4. *Meeting at Vopak Administrator's Office*: The buyer (and subordinates, if applicable) meets with the administrator to proceed.
5. *Proof of Product (POP) Issuance*: All relevant POP documents are issued to the buyer.
6. *Dip Test and Injection Process*: A dip test is conducted, followed by the injection of the product into the buyer's storage.
7. *Payment for Full Product*: The buyer makes payment for the full product quantity.
8. *Intermediary Commissions Paid*: All intermediaries involved in the transaction receive their commissions.
